Highlights

Attaches with suction cups
The battery pack uses suction cups for secure attachment to the back of your device. They also allow for easy removal when not in use.

Compact, flexible design
The compact, flexible design means you can still comfortably use your device while the battery pack is attached and charging.

Double your battery capacity
Now you can talk, surf and enjoy the music and videos on your iPod or iPhone for nearly twice as long with double the battery capacity provided by the compact, lightweight battery.

Recharge your device's battery
Keep the battery pack on hand so you have the power to recharge the battery of your device wherever you are. Simply connect the battery pack for an easy and convenient recharge on the go.

Hidden power-indicator light
Discreet and energy conscious, the hidden LED light appears with the push of a button to let you know the power status of your battery pack at a glance.

Mini-USB sync and charge cable
The mini-USB cable provided connects to a USB charging unit - like your computer or a USB wall or car charger. When connected to your computer, the cable allows you to sync your iPhone or iPod with iTunes.

Works anywhere
Even if you're not near a wall or car charger, you can recharge your device's battery with the convenient battery pack. The intelligent battery pack supplies power first, so you can remove the pack after use and still have a full battery on your device.
